# VIDA

ALL ALUMINUM & COMPOSITE  
CAMPERS FOR LIFE

NOTHING TO HIDE. A LOT TO SHOW.

LIFETIME STRENGTH  
**ALL ALUMINUM**

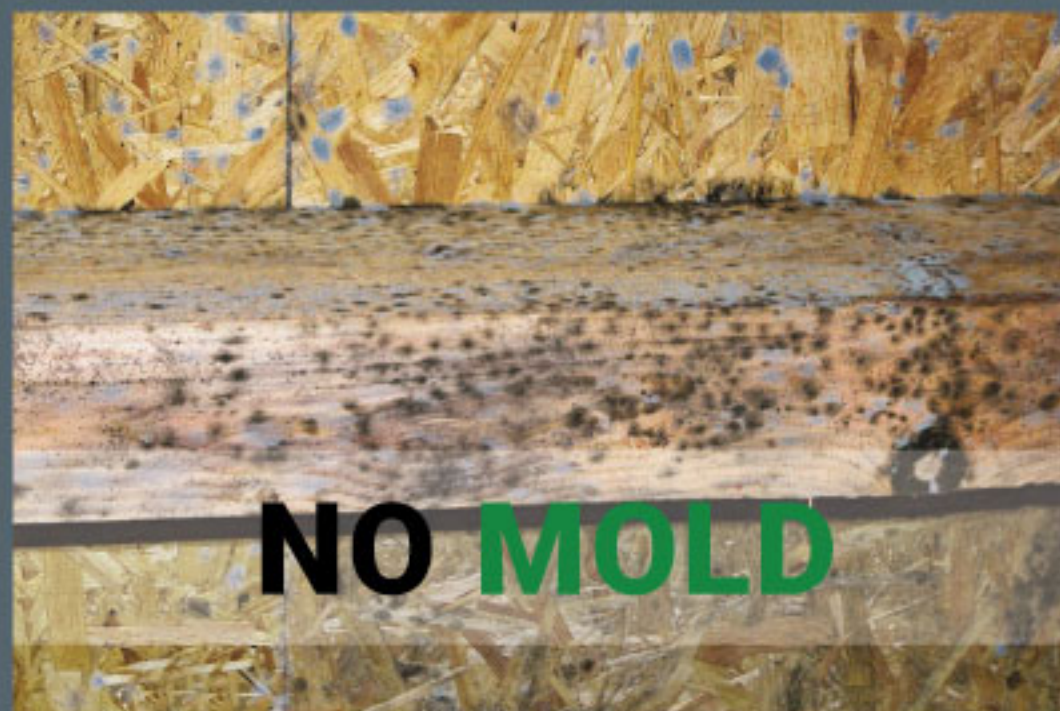

100% aluminum frames **reduce weight**, and last a lifetime. **No screws, no staples** - all joints are **fully welded** to reduce joint separation and create rigidity.

PROTECT AGAINST MOLD,  
MILDEW AND ROT WITH  
**ZERO WOOD!**

WOOD LEADS TO  
UNHEALTHY LIVING AREAS.  
DESTROYS THE RESALE VALUE.

NO WOOD, NO ROT  
**IS THE WAY TO GO!**

JENSEN BLUETOOTH STEREO

**7 EXTERIOR COLORS**

CHOOSE ANY COLOR BELOW, NO ADDITIONAL COST

**NO WOOD  
NO ROT**

**ALL ALUMINUM  
STRUCTURE**

**ULTRA  
LIGHTWEIGHT**

## GET OFF THE GROUND

Enjoy the comforts of our smallest tent camper. The **Aire60** is perfect for a couple, looking for convenience without hassle. Its more than a compact lightweight trailer. This camper is comfortable and spacious, featuring a queen size bed and 78" interior height. Own a small car? With an unloaded weight of **740 lbs**, the **Aire60** can easily be towed by a small car/crossover.

## SIMPLE FAMILY CAMPING

The **Aire80** is the perfect camper for large families. Featuring two double beds and a dinette that easily converts to an extra bed, this compact camper comfortably sleeps up to 6.

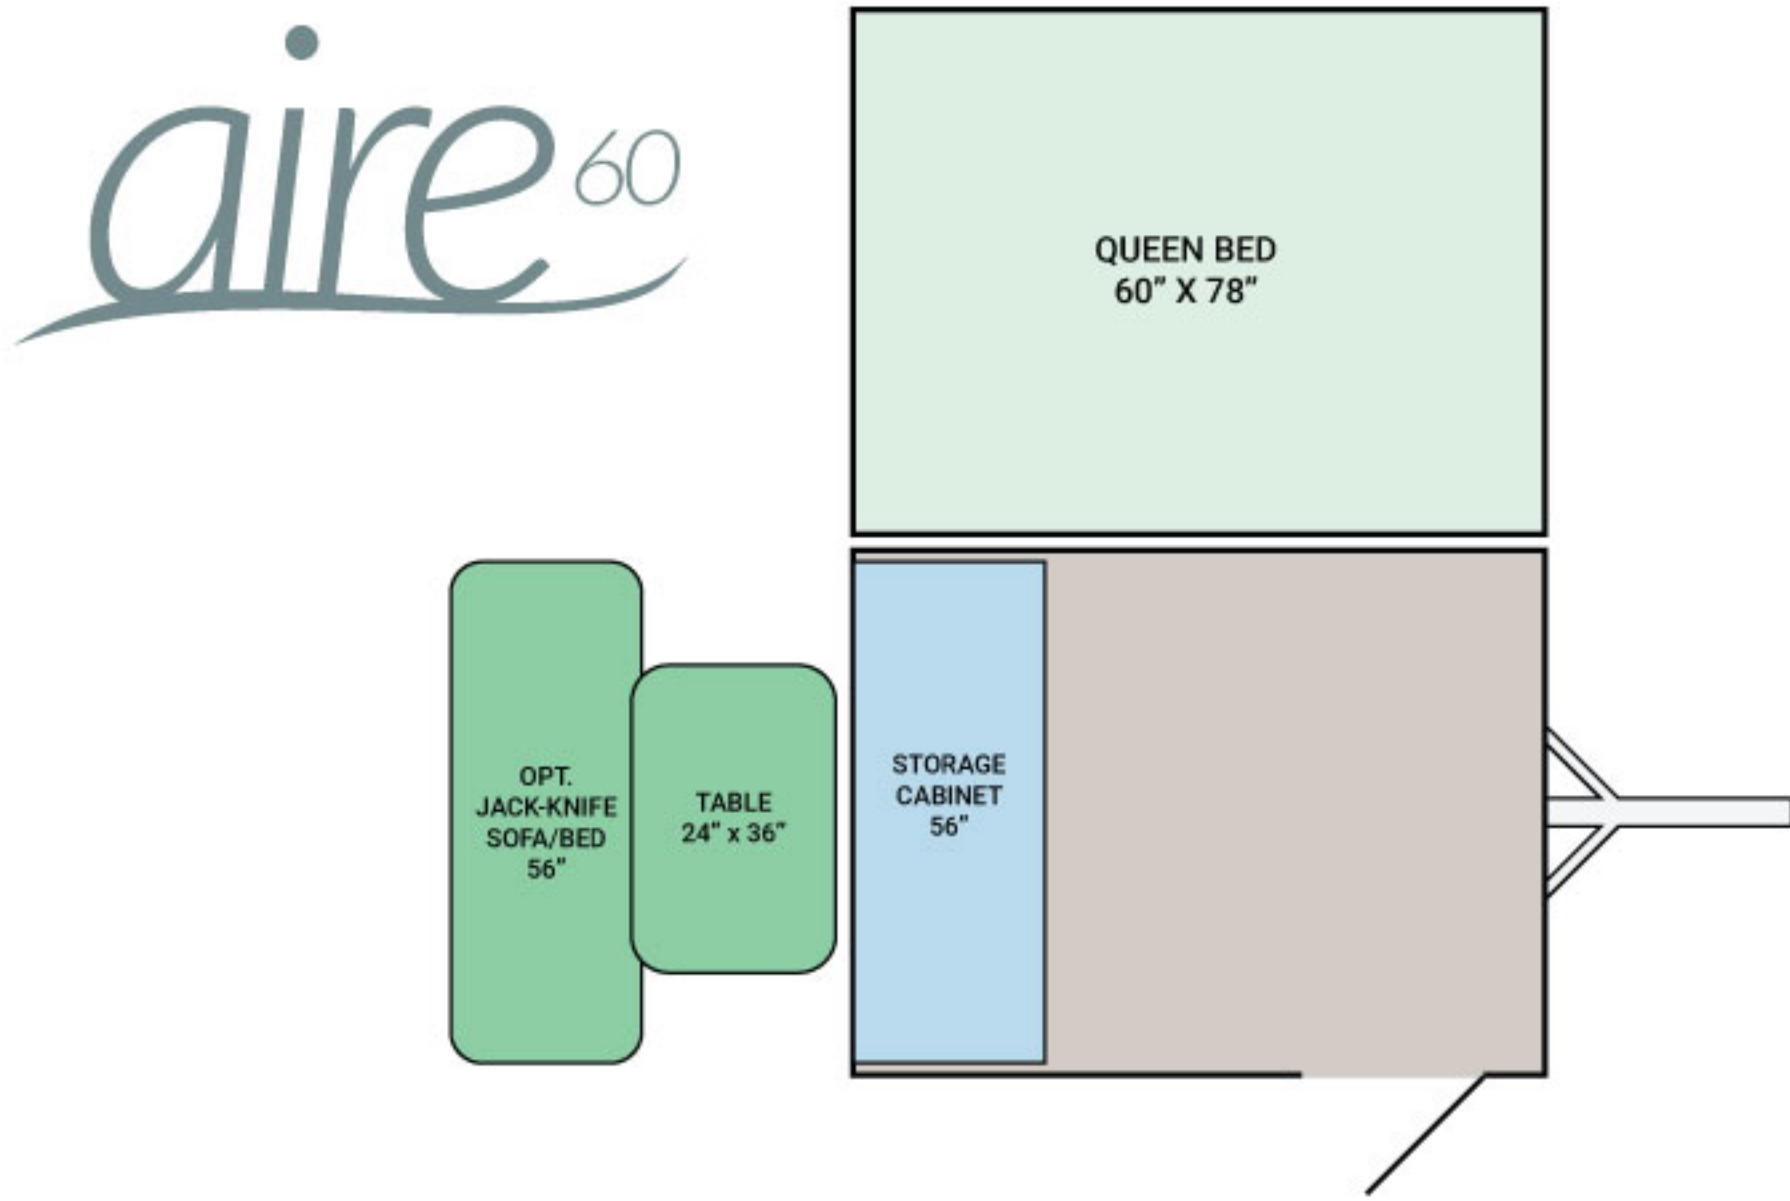

Seat the entire family around the large 52" booth dinette. Food and drink spills are no problem for the easy-to-clean marine vinyl cushions.

The folding kitchen option provides interior cooking amenities, and the furnace will keep everyone toasty warm.

Good news! With an unloaded base weight of **1100 lbs**, you'll have no troubles towing with the average family vehicle.

# PASSION

Over 10 years of selling popular RV brands in Canada, we've seen many build quality issues taint the RV industry leaving bad experiences, and it should not be. Having been a dealer, we've gained perspective on the challenges, concerns and issues surrounding poor quality.

Fuelled by the love for camping and a passion to "build it better". Our family began the journey of manufacturing all aluminum and composite campers in 2019. A passion for "better" along with our proven integrity, ensures you receive next-level quality, design, and support by a team that truly cares.

VIDA stands for "life", and so do our campers.

# INNOVATION

When it comes to advance designs, VIDA Campers has got that covered by leading the charge with an all aluminum structure from the ground up including the frame, floor and walls. Using composite interior panels, we guarantee **NO WOOD, NO ROT**. Taking it one step further is our specialty, every component on our campers is engineered to improve performance and serviceability. After touring our campers, you'll see we've left the traditional way of building RVs, now offering leading edge connections and components.

# COMMITTMENT

Leading with integrity, our production team commits to the highest quality. Our mission is to build a camper that exceed your expectations, last a lifetime and involves little to no warranty repairs. We believe its crucial to remain consistent in our character so every build receives the same attention to detail. Even after you receive your new camper, be assured you'll have a dedicated support team to answer any questions.
